Theme:

IEEE MTT-S IMS 2013

Drink in the atmosphere and discover what's brewing in the RF and microwave industry as Seattle, the home of the largest coffee chain in the world, plays host to the 2013 MTT-S International Microwave Symposium. The May issue of *Microwave Journal* provides a comprehensive guide to this year's event. In keeping with the "International" Microwave Symposium theme, *Microwave Journal* examines the Russian oscillator and synthesizer market covering the major companies in this market and their state-of-the-art technology.

Content includes:

- **Cover Feature: The Russian Oscillator and Synthesizer Market**
- **Messages from the IMS, RFIC and ARFTG Chairs**
- **Getting social online at IMS 2013**
- **Exhibitor List**
- **IMS Exhibitor product showcase**

The IMS coverage is supported by technical articles, special reports, industry news and products.

Articles:

- **Device Characterization Methods for Advanced RF/Microwave Design**
- **Techniques to Minimize Phase Noise of Crystal Oscillator Circuits**
- **Automated Calibration Systems**

RF/Microwave Zone Pavilion at CTIA Wireless 2013

May 21-23, 2013, Las Vegas, NV

RF Zone Microwave Pavilion at CTIA Wireless May 21-23, 2013

Microwave Journal is pleased to announce the 5th annual RF/Microwave Zone Pavilion at CTIA Wireless 2013. This dedicated pavilion features industry leading companies that provide components, integrated circuits, test, measurement and simulation tools as the essential ingredients for today's wireless applications and tomorrow's emerging technologies.

MWJ provides a turn-key, cost-effective opportunity to exhibit at this dynamic event. There are a limited number of booths remaining in the pavilion, so book yours today!
