

October 2014

• • • • •

European Microwave Week is the largest event dedicated to Microwave, RF, Wireless and Radar.

The European Microwave Exhibition (5th October – 10th October 2014) is the largest trade show dedicated to Microwaves and RF in Europe, providing:

- 8000 sqm of gross exhibition space
- 5000 key visitors from around the globe
- 1700 - 2000 conference delegates
- In excess of 250 exhibitors

The exhibition will offer its exhibitors an unrivalled opportunity to present products, technological developments and form relationships with relevant and interested spectators including academics, professionals and industry figureheads. It also offers a forum for discussing trends and exchanging scientific and technical information.

There's never been a better time to advertise in Microwave Journal

Advertiser Bulletin

Theme: Government and Military Electronics

RF and microwave technology is playing a front-line role in the defense and security sector. This issue of *Microwave Journal* looks at the rules of engagement in the Government and Military Electronics arena as it adapts to changing priorities, operational demands and prevailing market forces.

Articles:

- **Cover Feature – E-band performance benchmarks driven by DARPA's mobile hotspot program**
- **Transmit radiation pattern measurement of an active radar module in a compact antenna test range**
- **Nonlinear devices – optimal route from test-bench to market**

Plus

Comprehensive coverage of industry news, technical articles, product features and new product announcements.
