

September 2012

European Microwave Week is the largest event dedicated to Microwave, RF, Wireless and Radar.

EUROPEAN MICROWAVE WEEK
RAI Amsterdam
28 October – 2 November 2012
www.eumweek.com

The European Microwave Exhibition (29th October – 31st October 2012) is the largest trade show dedicated to Microwaves and RF in Europe, providing:

- 7500 sqm of gross exhibition space
- 5000 key visitors from around the globe
- 1700 - 2000 conference delegates
- In excess of 250 exhibitors

The exhibition will offer its exhibitors an unrivalled opportunity to present products and technological developments, and form relationships with relevant and interested spectators including academics, professionals and industry figureheads. It also offers a forum for discussing trends and exchanging scientific and technical information.

Theme: European Microwave Week 2012

The 15th European Microwave Week will make Space for Microwaves from October 28 to Friday November 2 at the Amsterdam RAI. There will be space to accommodate the three major conferences, associated workshops and short courses, alongside the European Microwave Exhibition, where companies from around the globe will showcase their latest product innovations.

To help readers to plan their visit and get the most from the event the issue includes:

- Welcome to European Microwave Week
- Attending European Microwave Week
- EuMW 2012 Defence, Security & Space Forum
- Exhibitor Listing/Floor Plan

The EuMW coverage is supported by a cover feature and special report focusing on Europe, together with technical articles, industry news and products

Articles:

- Cover Feature – The European spectrum capacity crunch – why it has happened and how it might be resolved
- Microwaves in Europe: Winning Ways?
- Ultra-wideband nonlinear modeling of W-band Schottky diodes
- An input matching network without gain trade-off for low-power CMOS LNA
