

IEEE MTT-S IMS • June 6-11, 2021 Atlanta, GA

<https://ims-ieee.org/ims2021>

Join us in Atlanta, 6-11 June 2021 at the intersection of communications, aerospace, automotive, IoT and other emerging technologies to learn the latest developments in MHz-to-THz theory, techniques, devices, systems and applications at the International Microwave Symposium (IMS). IMS2021 is the centerpiece of Microwave Week 2021 comprised of three conferences including the RFIC Symposium (www.rfic-ieee.org) and the ARFTG Conference (www.arftg.org). Microwave Week, with more than 9000 participants and 600 industrial exhibits of state-of-the-art microwave products, is the world's largest gathering of RF and microwave professionals encompassing MHz to THz ranges and the most important forum for the latest research advances and practices in the field.

• **9000+ Attendees** • **600+ Exhibitors**

EDI CON CHINA • September 6-7, 2021 National Convention Center • Beijing, China

www.ediconchina.com

Drawing 3000 delegates each year in China, EDI CON China celebrates electronic design innovation, covering topics critical for engineers working in RF, microwave, signal integrity, power integrity and EMC/EMI. The exhibition floor offers attendees the chance to learn more about your products, services, and experience demos. All exhibitors are also eligible for the EDI CON China Product Innovation Awards. Various levels of exhibition and sponsorship are available to boost your branding and lead generation opportunities.

• **3000+ Attendees** • **100+ Exhibitors**

EuMW 2021 • October 10-15, 2021 London, England

www.eumweek.com

Bringing industry, academia and commerce together, European Microwave Week 2021 is a six-day event, including three cutting edge conferences and one dynamic trade and technology exhibition featuring leading companies from around the world. EuMW 2021 offers you the unique opportunity to talk and meet face-to-face with the engineers working on the future of microwave technology.

• **4500+ Attendees** • **300+ Exhibitors**

EDI CON Online • Fall 2021

www.edicononline.com

EDI CON Online takes place each year in the fall, bringing much needed technical training and information directly to engineers' desktops and mobile devices. Free, real-time training with easy registration and access. Content is available online, for free, to attendees live and on-demand. Featuring 4 days of: Keynotes, Technical Sessions; Workshops & Product Demonstrations. Covering topics in RF, Microwave, Signal Integrity, Power Integrity, and EMC/EMI. Attendees select their sessions for the online event in a single sign-on registration portal. Attendees participate live (including Q&A) or watch later on demand. Sessions include video, traditional webinar, and screen sharing formats.

• **2000+ unique registrants**
