

IEEE MTT-S IMS • June 19-24, 2022 Denver, CO

<https://ims-ieee.org/ims2022>

Join us in Denver, 19-24 June 2022, as we come together once again for the world's premier RF and microwave industry conference and trade show: IMS2022 "Explore the Peaks of Microwave Engineering." IMS2022 is the centerpiece of Microwave Week 2022 comprised of three conferences including the RFIC Symposium (www.rfic-ieee.org) and the ARFTG Conference (www.arftg.org). IMS is the place to be each year for professionals buying and developing materials, devices, components, systems, design & simulation software, and test & measurement equipment for products operating from RF to THz. IMS typically draws 9000 participants from over 50 countries, including senior management, engineering management, engineers, and R&D personnel from academia, commercial industry, and government/military.

EuMW 2021 • February 13-18, 2022 London, England

www.eumweek.com

EuMW 2022 • September 25-30, 2022 Milan, Italy

www.eumweek.com

Bringing industry, academia and commerce together, European Microwave Week is a six-day event, including three cutting edge conferences and one dynamic trade and technology exhibition featuring leading companies from around the world. EuMW offers you the unique opportunity to talk and meet face-to-face with the engineers working on the future of microwave technology.

EDI CON Online • Wednesdays in October 2022

www.edicononline.com

EDI CON Online brings much needed technical training and information directly to engineers' desktops and mobile devices. Free, real-time training with easy registration and access. Content is available online, for free, to attendees live and on-demand. Featuring 3 days of: Keynotes, Technical Sessions and Workshops. The EDI CON Online 2022 event will take place every Wednesday in October 2022 (10/5, 10/12, 10/19, 10/26). Tracks are: 10/5: Signal Integrity/Power Integrity; 10/12: 5G/Wi-Fi/IoT; 10/19: PCB/Interconnect; 10/26: Radar/Automotive/SATCOM. Attendees participate live (including Q&A) or watch later on demand. Sessions include video, traditional webinar, and screen sharing formats.

EDI CON CHINA • Spring 2022 Beijing, China • BICC

www.ediconchina.com

Drawing 3000 delegates each year in China, EDI CON China celebrates electronic design innovation, covering topics critical for engineers working in RF, microwave, signal integrity, power integrity and EMC/EMI. The exhibition floor offers attendees the chance to learn more about your products, services, and experience demos. All exhibitors are also eligible for the EDI CON China Product Innovation Awards.

Various levels of exhibition and sponsorship are available to boost your branding and lead generation opportunities.
