

## November 2012

**European Microwave Week is the largest event dedicated to Microwave, RF, Wireless and Radar.**

**EUROPEAN  
MICROWAVE  
WEEK**  
RAI Amsterdam  
28 October – 2 November 2012  
[www.eumweek.com](http://www.eumweek.com)

The European Microwave Exhibition (29th October – 31st October 2012) is the largest trade show dedicated to Microwaves and RF in Europe, providing:

- 7500 sqm of gross exhibition space
- 5000 key visitors from around the globe
- 1700 - 2000 conference delegates
- In excess of 250 exhibitors

The exhibition will offer its exhibitors an unrivalled opportunity to present products and technological developments, and form relationships with relevant and interested spectators including academics, professionals and industry figureheads. It also offers a forum for discussing trends and exchanging scientific and technical information.

**There's never been a better time to advertise in Microwave Journal**

## Advertiser Bulletin

### Theme:

### Passive and Control Components

Passive and control components are the building blocks enabling the RF and microwave technology that is shaping the latest products and innovations. This issue of Microwave Journal focuses on design challenges, technical developments and practical applications.

**Articles:**

- Cover Feature — Tunable RF technology overview
- Analog/digital GaAs PHEMT core chips for electronically steerable antennas
- New recovery time data for the Schottky-PIN limiter
- Taming the smartphone power consumption vicious cycle

**Bonus Distribution Main Issue:**  
Asia Pacific Microwave Conference  
Kaohsiung, Taiwan  
December 4 – 7

### Mobile Communications Supplement

The dramatic growth and development of mobile communications are evaluated by taking an in-depth look at key technologies and trends. The supplement offers an insight into what to expect at the 2013 Mobile World Congress and considers the challenges facing innovators.

**Articles:**

- Cover Feature — Hot RF trends to watch for at Mobile World Congress 2013
- Carrier aggregation testing
- Moving toward full coverage Voice Over LTE
- Analog pre-distortion and linearization for 3G/4G small cell amplifiers

**Bonus Distribution Mobile Communications Supplement:**  
2013 Mobile World Congress  
Barcelona, Spain  
February 25 – 28  
CTIA Wireless  
Las Vegas, NV  
May 21-23

### Microwave Journal China – November/December

**Passive and control components** is the theme of this issue, which focuses on the latest developments and the news, products and issues specifically impacting the Chinese market.

**Bonus Distribution MWJ China:**  
ME  
Shanghai, China  
November 5 – 7  
China Hi-Tech Fair  
Shenzhen, China  
November 16 – 22

Frequency Matters.
